**Every-One** is a Lincolnshire based social enterprise and registered charity, that aims to work inclusively with everyone, to ensure that every one carer and people that are cared for, are at the centre of their own wellbeing. We will do that by developing and delivering a range of person-centre services and projects that works towards ‘making wellbeing personal’.

Registered Company Number: 08548267  
Registered Charity Number: 1164639

### At Every-One, we believe:

- People should be at the centre of their own health and social care through having choice and control
- Services should be built around the person and not the process
- Many people need support to exercise their choice and control
- People are the experts in their own lives and sharing their lived-experiences can improve services
- Where possible, people are best supported within the community they live in and in a way that recognises the whole person.

### OUR BACKGROUND

**Every-One** is a registered Charity based in Lincolnshire changing its name in 2016 from Lincolnshire Carers & Young Carers Partnership (LCYCP) and developing it's scope to include supporting those people with ill-health as we believe that the carer and the person they care for act as an inseparable partnership. We are an inclusive organisation who will work with everyone, whilst we believe that every one person's wellbeing counts.
