

Carer Awareness Training

Do you need to understand the needs of unpaid carers as employees, customers, volunteers, or service users?

Every-One provides FREE Carer Awareness Training to support businesses, groups and organisations.

This interactive training session will enable you to identify, engage and provide support to carers, helping you and your organisation to:

- Know what is meant by the term 'carer'
- Better identify carers who are employees, colleagues or customers
- Understand the key principles of the Care Act
- Understand the Carers Assessment
- Understand your legal responsibilities to carers in employment / under Equal Opportunities legislation
- Understand the challenges carers face and the support they may need
- Encourage carers to access support, and know where to find it
- Start action planning for carer support within your own organisation

'Very informative and interesting. I feel we can support people more'

(Participant feedback)
