WELLBEING NETWORK

What is the Network?

Every-One facilitates the Lincolnshire Military Veterans and Families Wellbeing Network; a network of over 100 national, regional, county and local organisations who are like-minded in their support to the Lincolnshire armed forces community

How does it support the Lincolnshire armed forces community?

The Network produces bi-weekly updates; holds bi-monthly meetings; acts as a critical friend to influence support within the Lincolnshire Integrated Care System; is an active participant at the Lincolnshire Armed Forces Covenant Partnership Board and develops partnerships with organisations who have initiatives that support the Lincolnshire armed forces community

Why does Every-One facilitate the Network?

Every-One is committed to the Armed Forces Covenant and believes that the Lincolnshire Armed Forces Community should be recognised, represented, and supported without disadvantage
